

APEX

Tamarack

✓ Dependable Radial Construction

- Tamarack radial tires are constructed with steel belts and nylon plies for a longer life
- Nylon thread firming belt overlays help prevent tread separation
- Tread wear indicator (TWI) makes it easy to see tread depth
- Siping on the tire tread channels water and slush away from the tire to improve traction during wet, snowy, or icy conditions
- Special trailer (ST) tire has sturdy sidewalls so that it can handle heavy loads

✓ Operate at Lower Temperatures and Increase Tire Life

- Optimized tread depth and radial construction keep the tires cool when traveling at faster speeds

✓ Speed Rated "M" = 81 MPH

- Ideal for highway traffic

✓ Lionshead 1•2•5 Lifetime Protection

1 Year "No Excuses Guarantee"

2 Year complimentary roadside assistance

5 Year warranty on radial ST tires

Lifetime structural warranty on all wheels
